H. R. 222

To prohibit the expenditure of Federal funds to conduct or support research on the cloning of humans, and to express the sense of the Congress that other countries should establish substantially equivalent restrictions.

IN THE HOUSE OF REPRESENTATIVES

January 4, 2005

Mr. Stearns introduced the following bill; which was referred to the Committee on Energy and Commerce, and in addition to the Committee on Science, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To prohibit the expenditure of Federal funds to conduct or support research on the cloning of humans, and to express the sense of the Congress that other countries should establish substantially equivalent restrictions.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Human Cloning Re-
- 5 search Prohibition Act".

1	SEC. 2. PROHIBITION AGAINST EXPENDITURE OF FEDERAL
2	FUNDS FOR RESEARCH ON CLONING HU-
3	MANS.
4	(a) Prohibition.—None of the funds made available
5	in any Federal law may be obligated or expended to con-
6	duct or support any project of research that includes the
7	use of human somatic cell nuclear transfer technology to
8	produce an oocyte that is undergoing cell division toward
9	development of a fetus.
10	(b) Definitions.—For purposes of this section—
11	(1) the term "human somatic cell nuclear trans-
12	fer" means transferring the nucleus of a human so-
13	matic cell into an oocyte from which the nucleus has
14	been removed or rendered inert; and
15	(2) the term "somatic cell" means a cell of an
16	embryo, fetus, child, or adult which is not and will
17	not become a sperm or egg cell.
18	SEC. 3. REVIEW.
19	The Director of the National Science Foundation
20	shall enter into an agreement with the National Research
21	Council for a review of the implementation of this Act.
22	Not later than 5 years after the date of the enactment
23	of this Act, the Director shall transmit to the Congress
24	a report containing the results of that review, including
25	the conclusions of the National Research Council on—

1	(1) the impact that the implementation of this
2	Act has had on research; and
3	(2) recommendations for any appropriate
4	changes to this Act.
5	SEC. 4. PROTECTED SCIENTIFIC RESEARCH.
6	Nothing in this Act shall restrict other areas of sci-
7	entific research not specifically prohibited by this Act, in-
8	cluding important and promising work that involves—
9	(1) the use of somatic cell nuclear transfer or
10	other cloning technologies to clone molecules, DNA,
11	cells other than human embryo cells, or tissues; or
12	(2) the use of somatic cell nuclear transfer
13	techniques to create animals other than humans.
14	SEC. 5. SENSE OF CONGRESS REGARDING INTERNATIONAL
15	PROHIBITION.
16	It is the sense of the Congress that each foreign coun-
17	try should establish a prohibition substantially equivalent
18	to the prohibition established in section 2(a).
